

## **Plumber- Drainage services job description**

Values & Talent are working with a family-owned business based in Dorset who work for many high-profile companies within the South / Southwest alongside a strong domestic portfolio. As the company continues to grow my client is looking for an experienced plumber to join the team.

The Plumber is responsible for installing, maintaining, inspecting, and repairing drainage and plumbing systems for residential, commercial, and industrial clients. The role focuses on ensuring efficient wastewater flow, identifying blockages or faults, and delivering high-quality drainage solutions while following safety and industry standards.

### **Responsibilities**

- Diagnose and clear blocked drains, sewers, and pipelines
- Maintain tools, equipment, and work vehicles
- Complete job reports and service documentation
- Identify leaks, pipe damage, root intrusion, and structural defects
- Carry out repairs, replacements, and upgrades to drainage networks

### **Requirements**

- WIAPS approved / registered and have EUSR qualifications, SHEA and Water Hygiene

This is a full-time position Monday- Friday

Salary is DOE

### **Benefits:**

- Company pension contribution
- Company vehicle
- 20 days holiday + BH
